For Biliousness

Take Vin Hepatic.

A bilious condition is indicated by loss of appetite, pain in the side, back and shoulders, restless at night, and a furrowed foul tongue. There is often a feeling of depression, the eyes are dull, the face is sallow, and quite frequently constipation or diarrhoea occurs. When any of these symptoms are present, a course of VIN HEPATICA is at once needed. Begin with a full dose to remove the poisonous matter from the bowels, and continue for a few days with a smaller dose. Come in and get a bottle.

Beeswax for Cracks.

Cracks in furniture may be filled in with beeswax. Soften the wax until it is like putty, then firmly press it into the cracks and smooth over with a thin steel knife. Sandpaper over the surrounding wood and work the dust into the wax. This gives a wood finish or color, and when the furniture is varnished the cracks will disappear. Beeswax is better than putty, for putty soon dries, crumbles, and falls out.
